FNMT-RCM provides Subscribers, Relying Parties, Application Software Suppliers, and other third parties through the web site <https://www.sede.fnmt.gob.es/> with clear instructions for reporting suspected private key compromise, certificate misuse, or other types of fraud, compromise, misuse, inappropriate conduct, or any other matter related to certificates for website authentication.

## Certificate types, validation procedures and usage

This PDS refers to the following types of electronic seals, with their specific scopes of application:

- **Entity Seal:** the Electronic Certificate issued to a legal person for the automation of signature and authentication processes between IT components
- **Certificate of Electronic Seal of Public Administration,** body, public body or entity of public law, as a system of identification and for automated administrative action and for automated judicial action, which allows to authenticate documents or any digital asset.

These certificates are qualified according to the Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market.

These certificates can be validated through the certificate validation service provided by the FNMT - RCM through the OCSP protocol, available at the location specified in the certificate itself.

## Limits of use

Use of these certificates is limited to:

- For Certificates of Electronic Electronic Seal of Public Administration: the use is limited to the different powers and functions of the subscribing Public Administrations, acting, as the case may be, through the personnel at their service as signatory, according to their title, employment and authorization conditions.
- For Entity Seals issued to a legal person for the automation of signature and authentication processes between IT components

The FNMT-RCM shall file those important events that are necessary to verify the activity of the Certification Authority for a period of no less than 15 years, according to the current legal regulations.

## Obligations of subscribers

At the corresponding [Certification Policies and Practices of Electronic Seals for Public Sector](#) or [Certification Policies and Practices of Entity Seals](#) are defined the obligations of all the parties that act in relation to the use of these certificates.

## Certificate status checking obligations for the relying parties

If a relying party is to reasonably rely upon a certificate it shall:

- Ensure that reliance on certificates issued under Certificate Policy is restricted to appropriate uses ([see corresponding CP document](#)).
- Verify the validity by ensuring that the certificate has not expired.
- Ensure that the certificate has not been suspended or revoked by accessing current revocation status information available at the location specified in the certificate to be relied upon.
- Determine that such certificate provides adequate assurances for its intended use.

## Limitation of liability

The FNMT-RCM shall only be liable for deficiencies in the procedures that correspond to its activity as a Trust Services Provider, and pursuant to the terms of these Certification Practices and Policies. In no other case will it be liable for the actions or losses incurred by applicants, representatives, represented entities, user entities, or in such case, third parties involved, that are not due to errors that can be attributed to the FNMT-RCM in the aforementioned issuing procedures and/or management of the certificates.

The FNMT-RCM shall not be liable in the case of acts of God, force majeure, terrorist attacks, illegal strikes, as well as in the cases that involve actions that constitute a crime or omission that affect its supplier infrastructure, except in the case of gross negligence by the entity.

The FNMT-RCM shall not be liable to persons whose behavior in the use of the Certificates has been negligent. For these purposes and in any case shall be considered negligence, the failure to observe the provisions set forth in the Certification Practices Statements, and especially in the stipulations in the sections referring to the obligations and liability of the parties.

In any case, and with the condition of penal clause, the quantity that the FNMT-RCM must pay for the concept of damages as ordered by the court to the harmed third parties or members of the Electronic Community, in the absence of specific regulation in the contracts or agreements, is limited to a maximum of SIX THOUSAND EUROS (6,000€).

In the event of termination of the activity as Certification Services Provider, the FNMT-RCM shall be governed by that stated in the electronic signature regulations. In any case,

will inform this event, duly and sufficiently in advance, to the holders of the certificates, as well as the users of the affected services. The FNMT-RCM will transfer, with the express consent of the holders, those certificates which continue in force on the effective date of the cessation of the activity, to another Trust Services Provider which accepts them. If this transfer is not possible, the certificates shall be extinguished.

## Applicable agreements, CPS, CP

## CA and repository licenses, trust marks and audit

The FNMT – RCM has a long history in performing its industrial activities, as well as backing from the State. Since the entry in force of article 81 of the Fiscal, Administrative and Social Order Measures Act 66/1997, of 30th December, and its modifications, the FNMT-RCM has contributed to promoting the extension of the services to which it is authorized and has gained the recognition in the private environment in the sector of electronic certification and the data communications networks, becoming a significant player in the provision of certification services.

FNMT-RCM, as a Trusted Services Provider, holds several accreditations and certifications, such as:

- Issuing qualified certificates according to ETSI EN 319 411-2 “Requirements for trust service providers issuing EU qualified certificates” and ETSI EN 319 412-3 “Certificate profile for certificates issued to legal persons”. This audit is performed on an annual basis by an Accredited Conformity Assessment Body.

All of these Certificates issued are issued as qualified certificates under the Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014, concerning electronic identification and trust services for electronic transactions in the internal market. Inclusion in the list of trusted certification service providers (TSL) of Spain can be seen through the link <https://sededitid.mineco.gob.es/Prestadores/>.
